Stephanie L. Chandler serves as the head of Jackson Walker's Technology, Data Security and Privacy section and a partner and chairs the San Antonio Corporate & Securities practice group. She regularly represents companies in relation to emerging technology, licensing, cybersecurity issues including data management and privacy and security policies, including ventures involved in or acquiring software and other technology development, outsourcing solutions, e-commerce and Web 2.0 strategies, software as a service (ASPs), and electronic data transfer and businesses purchasing such solutions. Additionally, she represents technology companies in their SEC reporting and other capital raising efforts and internal controls.

She has advised clients on a wide range of privacy issues, including data security and regulatory compliance; commercial transactions that implicate or focus on the use or transfer of personal information; formulation of responses to security breaches and inadvertent disclosures of personal information relating to employees or customers; online privacy issues including complying with U.S. privacy laws such as the Children's Online Privacy Protection Act (COPPA) and Gramm Leach Bliley (GLB) and state's laws aimed to protect their residents; and risk assurance and data integrity issues including those related to meeting the requirements of integrity of systems promulgated under Sarbanes-Oxley. She also assists clients regarding privacy issues that arise out of business transactions (mergers and acquisitions, joint ventures and co-branding arrangements). Her clients include telecommunications networks, entertainment companies and content providers, hardware and software companies, cybersecurity solution providers, payment systems providers, social media sites, and retailers.

Cybersecurity Matters

- Represent Stratfor in strategic response to what was considered one of the top 10 international security breaches of 2011.
